

Greystones Harbour PPP – Civil and Maritime Works **A presentation on the delivery of the new** **Greystones Harbour.**

The presentation graphically covers the development of the Greystones Harbour PPP scheme – civil and marine works. The development of the scheme is described from concept stage through to initial operations, covering all stages of design and construction. The delivery of a significant public amenity through the PPP vehicle is addressed, illustrating the inter-relationships between planning, design and construction. The project included a few ‘firsts’ and was not without significant challenges, both publicly and technically.

Cllr. Derek Mitchell, Wicklow County Council
Mr. Sean Mason, F.I.E.I. Arup

Cllr. Mitchell will address the local community aspects of the development process and the impact of the transformation of the old harbour into a vibrant maritime facility. Mr. Mason will address the technical aspects of the development from initial concept stage through to construction completion.

National Yacht Club, Wednesday 28th August 2013 @ 19:30.
